In efforts to reduce rising health care costs and to provide quality health services, Racine County and the City of Racine have partnered with All Saints to create a designated health center for Racine County employees, retirees and their family members who are covered by Racine County health insurance.

The health center will be located at the All Saints Spring Street complex, 3805 Spring Street, West Professional Office Building “A”, Suite 210.

****Bring your insurance card and a list of prescriptions with dosages.**

You may still keep your primary physician, in or out of the All Saints system, but there are many advantages to using the health center including:

- No charge for employee, retiree, and family members who are covered by Racine County health insurance
- Appointments can be scheduled with short notice
- Priority access within the All Saints system
- Longer appointment times
- Chronic Disease Management Available
- Wellness Focus
